

Mt. McKinley Flightseeing – Tour Operates Daily

After arrival at Lake Hood, America’s largest float plane airport, you will step aboard a floatplane for a spectacular flight that will take you within 6 miles of Mt. McKinley’s 20,320 feet summit. Fly over foothills and spot wildlife while on your way to the Alaska Range. You will get to view Ruth Glacier, the Great Gorge and the massive south face of McKinley. This is where you’ll look for climbers attempting their ascent. You will make a floatplane landing on a lake at the base of Mt. McKinley (weather permitting).
